

METV TOONS CHILDREN'S PROGRAMMING CERTIFICATION

4th Quarter: October 1, 2024 to December 31, 2024

This is to certify that the list set forth below identifies all programs and series transmitted during the above referenced calendar quarter, between the dates of October 1, 2024 through December 31, 2024, that were originally produced and broadcast primarily for an audience of children 12 years old and under. As a standard practice, we formatted and aired each of the children's programs and series identified below so that the total commercial time did not exceed 10.5 minutes per hour on weekends, and 12 minutes per hour on weekdays, in compliance with the Children's Television Act of 1990 and the rules and regulations of the Federal Communications Commission (the "FCC").

None of the following programs or series included any commercial spots including local ad avails, promos for non-educational programs and adjacent ads running before or after the program within the same clock hour that contained references to, characters or actors from, or that offered products related to, the underlying program or series. I further certify that I have been designated by Weigel Broadcasting Co. on behalf of MeTV Toons Network as the official responsible for oversight of compliance with the FCC children's programming commercial limits, and I am familiar with the regulations.

List of children's programs run during calendar quarter:
